

OPTIONS

Through-the-Wall Systems

Remote monitoring and sensing, alarm and communication capabilities

- Ensures an optimal environment for your valuable wine collection
- Monitors the temperature and humidity of your cellar conditions and continuously displays them to another location (e.g., outside the wine cellar, kitchen, office, PC)
- Alarm will notify you if your cellar is out of optimal range

Hot air discharge duct adapter

- For exhausting hot air away from mounting location
- Molded plastic design provides lightweight rigid piece for easy connection to ductwork

Wine Guardian Systems are made in the USA. Manufacturer reserves the right to make changes to this document without prior notice at our sole discretion.
